

Blastech Rail Services®
a TF Warren Company

**CERTIFIED PROVIDER OF TANK CAR
LININGS AND MECHANICAL REPAIRS**

Tank Car Qualification Services

Strategically located in southern Ontario in Canada, Blastech Rail Services provides an efficient and economical solution to industry demands for maintenance of tank cars.

Our facility and personnel are equipped to perform mechanical repairs, inspections, repair or replace interior rubber or spray-applied linings, and touch-up or completely refinish exterior coatings.

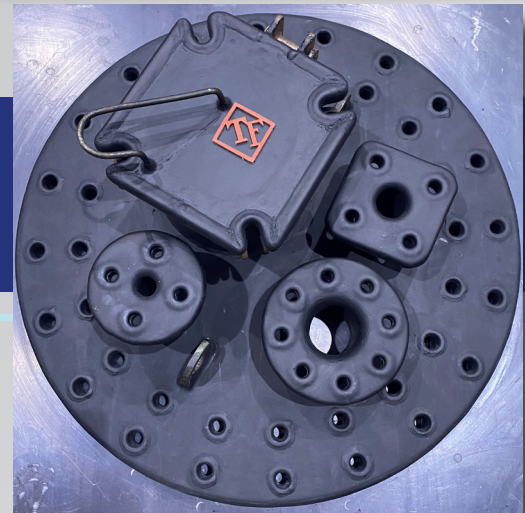

TF Warren Group is a recognized approved applicator of all major rubber lining and liquid coating manufacturers in North America.

Our facility is serviced by CN Rail, siding FE47.

Blastech Rail Services increases the supply chain resources in North America and can deliver results that people of the rail industry demand.

Blastech is AAR M1003 certified to M1002 requirements which includes the following elements:

C6	Removal and replacement of tank car service equipment (including changing of gaskets)
C7	Removal of interior linings and coatings
C8	Installation of interior linings and coatings
C9	Qualification of interior linings and coatings
C10	Repair of interior linings and coatings
C11	Inspection of interior linings and coatings
B24	Repair of tank cars
B81	Qualification of tank cars
